

Notice Of Public Forum

(Public Participation Hearing)

San Diego Gas and Electric Company and Southern California Edison Company's Joint Application for the 2024 Nuclear Decommissioning Cost Triennial Proceeding Application A.24-12-003

How can I participate?

San Diego Gas & Electric Company® (SDG&E®), Southern California Edison Company (SCE), and the California Public Utilities Commission (CPUC) would like to hear from you. You are invited to participate in a Public Forum, also called a Public Participation Hearing (PPH), about SDG&E and SCE's joint application for the 2024 Nuclear Decommissioning Cost Triennial Proceeding.

These Public Forums are part of the formal proceeding. They will be documented and placed into the formal record so the CPUC can make an informed and robust decision about SDG&E and SCE's joint application. At these PPHs you can make comments and raise concerns to the CPUC Administrative Law Judge overseeing this application.

Where, when, and how will these Public Forums be held?

As part of the CPUC's ongoing efforts to provide the greatest access, one of the Public Forums will be held remotely and two will be in person only. A quorum of commissioners may attend but no decisions will be made or voted on at these forums.

DATE & TIME	DETAILS
July 16, 2025 2:00 p.m. (REMOTE PPH ONLY)	Webcast: www.adminmonitor.com/ca/cpuc Phone number: 800-857-1917 Passcode: 6032788#

The July 16, 2025, PPH will be held virtually, meaning you can listen and/or participate via internet or phone using the access details above.

Please note: If you wish to make a public comment, please participate by phone using the phone number above. After calling in and entering the passcode above, press *1, unmute your phone and record your name when prompted. You will be put into a queue in the order you dialed in.

DATE & TIME	DETAILS
July 17, 2025 2:00 p.m. and 6:00 p.m. (IN-PERSON PPH ONLY)	San Clemente City Hall Council Chambers 910 Calle Negocio San Clemente, CA 92673

The July 17, 2025, PPHs will be in-person only. If you wish to make a public comment, please sign-up at the Public Advisor's table.

Please note: The location is ADA accessible. If you wish to attend and need specialized accommodations, please contact the CPUC's Public Advisor's Office using the contact information at the end of this notice at least five business days before the Public Forum you plan to attend.

If you need a language interpreter for any of these hearings, please contact the CPUC's Public Advisor's Office using the contact information at the end of this notice at least five business days before the Public Forum you wish to attend. Your participation by providing your thoughts on SDG&E and SCE's request can help the CPUC make an informed decision.

Why am I receiving this notice?

On December 6, 2024, SDG&E and SCE filed their Joint Application for the 2024 Nuclear Decommissioning Triennial Proceeding (A.24-12-003) with the CPUC. In the joint application, SDG&E and SCE seek approvals related to the costs of decommissioning the San Onofre Nuclear Generating Station (SONGS). In addition, SCE seeks approvals related to the estimated costs of the future decommissioning of the Palo Verde Nuclear Generating Station (PVNGS).

SDG&E and SCE jointly ask the CPUC to approve \$5.07 million for SONGS Unit 1, and \$518.6 million for SONGS Units 2 and 3. These recorded costs were for decommissioning projects completed between 2021 and 2023.

SDG&E and SCE also ask the decommissioning cost estimates of \$215.0 million for SONGS Unit 1, and \$4.709 billion for SONGS Units 2 & 3, be approved.

SDG&E individually asks the CPUC approve its share of decommissioning costs estimated at \$43.0 million for SONGS Unit 1, \$941.9 million for SONGS Units 2 and 3, and \$18.6 million of SDG&E-only costs for SONGS 1 and SONGS 2 and 3. **SDG&E is not requesting a rate increase in this application.**

SDG&E also asks the CPUC to approve \$1 million for SONGS Unit 1, \$104.9 million for SONGS Units 2 & 3, and \$3.1 million in SDG&E-only costs. Units' 1, 2, and 3 costs were recorded for decommissioning projects and all costs were incurred between 2021 and 2023.

SCE individually asks the decommissioning cost estimate of \$632.1 million for PVNGS Units 1, 2, & 3 be approved. **SCE is not requesting a rate increase in this application.**

Why did SDG&E and SCE file the joint application?

The CPUC requires utilities that own nuclear generating facilities to file nuclear decommissioning cost proceeding applications every three years. SDG&E and SCE’s last nuclear decommissioning cost triennial proceeding was filed in 2022.¹

How could this affect my monthly electric rates?

SDG&E is not requesting any changes to electric rates in this proceeding.

How does the rest of this process work?

This application has been assigned to a CPUC Administrative Law Judge (ALJ) who will consider proposals and evidence presented during the formal hearing process. The ALJ will issue a proposed decision that may adopt SDG&E and SCE’s application, modify, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.
